Tech Report: Greg, WB7GR, reported that the 147.165 repeater at Albin was down because of a dead power supply. Greg replaced it with the club’s spare power supply.

There was some discussion about the need to beg, borrow, or steal an additional power supply as a backup.

LCSD #1's warehouse supervisor asked Brian, KD7RQU, if he knew who owned the radio equipment at Carey Junior High School. It was ascertained that the equipment is NOT owned by the ShyWy ARC. Paul Crips, KI7TS, will retire at the end of the school year. As was the consensus by all attending, Paul and his influence on the youth of CJHS will be greatly missed. Thanks, Paul!
